

BORN  
Copenhagen

## OUR STORY.

For the love of our children and with a passion to make a difference.

Julie Gammelgaard & Camilla Bjergby

We are a Danish design brand based in Copenhagen. We work hard every single day to create beautiful products for you, made exclusively in the best materials, so you are sure that they will last for generations.

All of our products are designed based on our own experience with our own children, so we know exactly what high demands you have as a parent. We know that it is the little details that make all the difference, and when you see our products you will know just what we mean by that.

At BORN Copenhagen we care! We care about our children, your children and about the environment. We want our children to grow up in a safe and beautiful world, and this is why we only produce with GOTS certified organic cotton. The supplier we use is GOTS certified, and being GOTS certified requires that they live up to the highest demands in all of the supply chain; from when the cotton is grown to when the products are made by the very talented seamstresses. It matters to us that we support fair working conditions, because in the end we will know that our design comes to life by people who also care and who take pride in their craftsmanship.

BORN Copenhagen was launched in the summer of 2016.

We really mean it when we say that we only want our children to have the best of the best, and we promise you that you will love our products just as much as we do. You will know what we mean when you see and feel them for yourself. Thank you so much for finding your way in here - we hope you will be inspired to create a cozy and dreamy universe for both you and your children.

Love from us to you,  
the BORN Copenhagen family
